Your Oxford Home

Accommodation Options at OEC

Where you live strongly influences your happiness and your academic progress, so our accommodations team at OEC work hard to make sure you are comfortable. You can choose between the independence of a student residence and the family atmosphere of a homestay. Wherever you live, we will make sure that you will love your Oxford home.

Homestay

With homestay you stay in the home of an English-speaking host. It's excellent value for money and you learn about British culture first hand, and have the opportunity to practise your English daily, outside the classroom. Students have the options of half board (breakfast and dinner with your host family during the week and 3 meals on weekends) or full board (including hot lunches during the week at the school café). Single and shared rooms are available. Students on the Junior Summer Programme share accommodation, and year round we can arrange shared accommodation for students travelling with a friend. Travel from homestay to school is easy and accessible.

Executive Homestay

This option offers you all the benefits of homestay, but will allow you to live closer to the school with the added benefit of a single room and a private bathroom and study area.

Residential Accommodation

In the summer, self-catering residential accommodation is available for students aged 18 or older. Our student residence is located in central Oxford, approximately 10 minutes' walk from the school. Students live in 3 or 4 bedroom apartments, have their own secure private bedroom and share common living areas, kitchen and bathroom with 2 or 3 other students. The residence is a secure building and offers students more independence and the opportunity to meet other like-minded individuals.

Private Options

OEC is in the world-famous university city of Oxford. Consequently there are many hotels, B&B's, hostels and serviced apartments. Our staff will be happy to help you investigate these options, depending on your budget.

Meet the Students

Every year students from all over the world come to study at the Oxford English Centre. Our students come from Europe, Asia, Latin America, North Africa and the Middle East, and many other regions. During their course students are asked to give feedback on their teachers, their accommodation, their social programme and their experience in Oxford. Here is what some of them say.

Roger - Spain

Oxford is a great city for me. It's really easy to walk around the city and close to London and other places if you want to because of the transportation links. I made friends easily as I'm an outgoing person so I enjoy talking. We go out most afternoons and evenings together or have lunch as a group. You can meet new people here and talk with anyone, Oxford is a friendly city.

Gustav - Sweden

I loved studying at The Oxford English Centre. I met a lot of different people from various countries, learning much about their cultures as I had to converse in English to make friends. The school building is so impressive – an old Victorian building with excellent facilities – library, Wi-Fi access – and very friendly staff that assist you each time you need it. Also, as we studied in smaller groups, it meant the teacher was able to attend and support all of us.

Marion - Switzerland

Suggested by a friend, I truly like The Oxford English Centre! There are many activities and our activity manager is really cool and I am constantly socialising and travelling. The majority of my colleagues are normally coming with me and we have this extra opportunity to speak and practise our English. I'm staying with a host family and I really like them! I talk with them a lot when I go home and have dinner with them. They are great and taught me how to play Lawn Bowling – it's so much fun! My teachers are all very different but I like all of them.

Tae - Japan

Studying at The Oxford English Centre has been a delight – the teachers and staff that work here are really fun and there are a lot of activities – Harry Potter tour was my favourite. The teachers are really skilled at identifying precisely where we needed to improve, in what areas we might have difficulties or specific issues. The location here in Oxford is ideal as you can go anywhere within minutes.

Johnathan - Brazil

In my opinion teachers at The Oxford English Centre are really helpful because they can give us examples and if I have a question they take the time to clarify and make sure I understand. The lessons are extremely useful and it was an excellent choice to go for the intensive general English. I have made great improvement – I used to speak slowly and made a lot of errors, however, even though I still make mistakes, I'm a lot more confident and have a better vocabulary.

Mohammed - Saudi Arabia

The Oxford English Centre is one of the best language schools in Oxford. I have met many students from all over the world and I have made many friends here. My English is improving day by day thanks to a team of professional, supportive and helpful teachers. I enjoy the weekly free activities organised by the school mainly because I get to improve my English even further and I spend precious time with my colleagues.
